Bylaws Changes

Pick up a new bylaws book at the lodge. Some changes were made in 2021 including Article XI Section 2: "It shall be in the best interest of the association to promote public policy issues that are in line with the goals of the Association. These include but are not limited to the promotion of rights retained by the people protected in Article 1, Section 21 of the Pennsylvania Constitution and Amendment 2 of the United States Constitution, and the promotion of fish and game laws that advocate for the interests of sportsmen while protecting the various wild and natural resources within the Commonwealth."

The Constitution and Bylaws are the basis of the organization and members should be more familiar with the details of the book.
